EXPERIENCE

Web Developer

SkyTrust IT Solutions Pvt Ltd

07/2023 - Present New Delhi, India

Responsible for developing and implementing software applications

- Team Leadership:** Led a team of 5 developers to build a first-of-its-kind B2B demand generation platform.
- Full-Stack Development:** Planned and developed the web application architecture from scratch, incorporating six interdependent user roles, each with unique dashboards
- Website Development:** Designed and developed multiple websites for the company, ensuring optimal performance and adherence to branding guidelines.
- Deployment:** Oversaw deployment processes using GitHub Actions for CI/CD and EC2 for hosting.
- 3rd party Integrations:** Integrated Zoho Sign, Calendly, SSO, LinkedIn APIs and many more
- Partner Onboarding:** Managed and led partner onboarding processes, facilitating seamless integration into the platform.
- Client Communication:** Conducted client calls to gather requirements, provide updates, and ensure satisfaction with deliverables.
- Collaboration:** Worked closely with UX designers to align the application's vision and plan features.
